

Remarks

In the Notice of Non-Compliant Amendment and Advisory Action mailed February 14, 2008, the Examiner indicated that the proposed amendment would not be entered because:

(note 3) further consideration would be required for claims 4-26 which newly depend on claim 27, and

(note 13) claim 3 was not in condition for allowance.

A Request for Continued Examination including the present Amendment was submitted to allow further consideration as required. Applicant revised claim 3 to depend on allowed independent claim 27, and properly formatted the changes from the original version of claim 3.

Conclusion

Applicant respectfully submits that all claims are in condition for allowance, and therefore requests reconsideration of the application.

Respectfully submitted,

Michael J. Haun
